(i) Such public official shall agree in writing to maintain the confidentiality of such information; and

(ii) The laws of the state in which such public official serves require such information to be and to remain confidential.

Sections 56-1-401 -- 56-1-420 shall apply to examinations, investigations, and processing conducted under the authority of this section.

(e) If the commissioner is satisfied that the documents and statements filed by an applicant captive insurance company comply with this chapter, then the commissioner may grant a license authorizing it to do insurance business in this state.

(c) Capital and surplus shall be in the form of cash, or cash equivalent, or an irrevocable letter of credit issued by a bank approved by the commissioner.

(d) Except as otherwise provided in this chapter, chapter 9 of this title shall apply to captive insurance companies formed under this chapter. *(Note: Title 56, Chapter 9 refers to the procedure for placing an insurance company into receivership)*

No captive insurance company shall pay a dividend out of, or other distribution with respect to, capital or surplus without the prior approval of the commissioner. A captive insurance company may otherwise make such distributions as are in conformity with its purposes and approved by the commissioner.

§ 56-13-107. Formation; modifications

§ 56-13-108. Report of financial condition

(a) No captive insurance companies shall be required to make any annual report except as provided in this chapter and as required by title 48 and title 61.

(b) Prior to March 1 of each year, and prior to March 15 of each year in the case of pure captive insurance companies or industrial insured captive insurance companies, each captive insurance company shall submit to the commissioner a report of its financial condition, verified by oath of two (2) of its executive officers. Each captive insurance company, including risk retention groups organized under this chapter, shall report using generally accepted accounting principles, unless the commissioner requires, approves, or accepts the use of statutory accounting principles or other comprehensive basis of accounting. The commissioner may require, approve, or accept any appropriate or necessary modifications of the statutory accounting principles or other comprehensive basis of accounting for the type of insurance and kinds of insurers to be reported upon. The commissioner may require additional information to supplement such report. Except as otherwise provided, each risk retention group shall file its report in the form required by this title, and each risk retention group shall comply with the requirements set forth in this title. The commissioner shall by rule propose the forms in which pure captive insurance companies and industrial insured captive insurance companies shall report. Section 56-13-103(c)(3) shall apply to each report filed pursuant to this section; provided, that § 56-13-103(c)(3) shall not apply to reports filed by risk retention groups.

(c) A pure captive insurance company or an industrial insured captive insurance company may make written application to the commissioner for filing the required report on a fiscal year-end. If an alternative reporting date is granted by the commissioner, then:

(1) The annual report is due one hundred and eighty (180) days after the fiscal year-end; and

(2) In order to provide sufficient detail to support the premium tax return, the pure captive insurance company or industrial insured captive insurance company shall file, prior to March 15 of each year for each calendar year-end, pages 1, 2, 3, and 5 of the "Captive Annual Statement; Pure or Industrial Insured," verified by oath of two (2) of its executive officers.

§ 56-13-109. Visits by commissioner; audits

(a) At least once every three (3) years, and whenever the commissioner determines it to be prudent, the commissioner shall visit each captive insurance company and thoroughly inspect and examine its affairs to ascertain its financial condition, its ability to fulfill its obligations and whether it has complied with this chapter. The commissioner may extend such three-year period to five (5) years; provided, that the captive insurance company is subject to a comprehensive annual audit by independent auditors approved by the commissioner during such five-year period. The comprehensive audit shall be of a scope satisfactory to the commissioner. The expenses and charges of the examination shall be paid by the captive insurance company.

(b) Any other law or regulation to the contrary notwithstanding, an association captive insurance company, all of whose insureds operate municipal or cooperative electric systems, shall not be required to have performed an audit of its annual statutory financial statements by an independent certified public accountant, unless, within ninety (90) days before the close of the fiscal year of the association captive insurance company, a majority of the association members who are insured, directly or indirectly by it, request an audit.

(c) Sections 56-1-401 -- 56-1-420 shall apply to examinations conducted under this section.

(d) All examination reports, preliminary examination reports or results, working papers, recorded information, documents and copies thereof produced by, obtained by or disclosed to the commissioner or any other person in the course of an examination made under this section are confidential and are not subject to subpoena and may not be made public by the commissioner or an employee or agent of the commissioner without the written consent of the captive insurance company, except to the extent provided in this subsection (d). Nothing in this subsection (d), shall prevent the commissioner from using such information in furtherance of the commissioner's regulatory authority under this title. The commissioner shall have the discretion to grant access to such information to public officers having jurisdiction over the regulation of insurance in any other state or country, or to law enforcement officers of this state or any other state or agency of the federal government at any time, only if the officers receiving the information agree in writing to maintain the confidentiality of the information in a manner consistent with this subsection (d).

§ 56-13-110. License suspension or revocation

(a) The license of a captive insurance company may be suspended or revoked by the commissioner for any of the following reasons:

- (1) Insolvency or impairment of capital or surplus;
- (2) Failure to meet the requirements of § 56-13-105;
- (3) Refusal or failure to submit an annual report, as required by this chapter, or any other report or statement required by law or by lawful order of the commissioner;
- (4) Failure to comply with its own charter, bylaws or other organizational document;
- (5) Failure to submit to or pay the cost of examination or any legal obligation relative to an examination, as required by this chapter;
- (6) Use of methods that, although not otherwise specifically prohibited by law, nevertheless render its operation detrimental or its condition unsound with respect to the public or to its policyholders; or
- (7) Failure otherwise to comply with the laws of this state.

(b) If the commissioner finds, upon examination, hearing, or other evidence, that any captive insurance company has violated subsection (a), then the commissioner may suspend or revoke such company's license if the commissioner deems it in the best interest of the public and the policyholders of such captive insurance company, notwithstanding any other provision of this title.

§ 56-13-111. Investments requirements

(a) Except as may be otherwise authorized by the commissioner, association captive insurance companies and risk retention groups shall comply with the investment requirements contained in §§ 56-3-401 -- 56-3-409, as applicable. Notwithstanding any other provision of this title, the commissioner may approve the use of alternative reliable methods of valuation and rating.

(b) No pure captive insurance company, industrial insured captive insurance company, protected cell captive insurance company, incorporated cell captive insurance company or special purpose financial captive insurance company as defined in part 4 of this chapter shall be subject to any restrictions on allowable investments; provided, that the commissioner may prohibit or limit any investment that threatens the solvency or liquidity of any such company. Companies under this subsection (b) must file with the commissioner a statement of investment policy approved by its governing body that describes the types of investments that the company may elect to undertake and may not make investments that materially deviate from the statement of investment policy that is on file with the commissioner.

(c) No pure captive insurance company shall make a loan to or an investment in its parent company or affiliates without prior written approval of the commissioner, and any such loan or investment shall be evidenced by documentation approved by the commissioner. Loans of minimum capital and surplus funds required by § 56-13-105 are prohibited.

(d) (1) Notwithstanding this section or chapter 3, part 4 of this title, an association captive insurance company of an association described in § 56-13-102(3)(B) may hold any interest in qualified headquarters property as defined in subdivision (d)(2), and the qualified headquarters property shall be admitted assets and authorized investments of the association captive insurance company. The net book value of the qualified headquarters property deemed admitted and authorized under this subsection (d) may not exceed two million five hundred thousand dollars (\$2,500,000), and an association captive insurance company holding qualified headquarters property pursuant to this subsection (d) shall at all times maintain total surplus, without regard to the qualified headquarters property, of at least the sum of:

(A) Fifty percent (50%) of the net book value of the qualified headquarters property; and

(B) The minimum capital and surplus requirements.

(2) For purposes of this subsection (d), “qualified headquarters property” includes the real property and the building in which the principal office of the association captive insurance company is located and also includes any improved and unimproved real property of the

association captive insurance company that is located within one thousand five hundred feet (1,500') of the company's principal office.

§ 56-13-112. Reinsurance

(a) Any captive insurance company may provide reinsurance as authorized by this title on risks ceded by any other insurer.

(b) Any captive insurance company may take credit for the reinsurance of risks or portions of risks ceded to reinsurers complying with this title. If the reinsurer is licensed as a risk retention group, then the ceding risk retention group or its members must qualify for membership with the reinsurer. The commissioner shall have the discretion to allow a captive insurance company to take credit for the reinsurance of risks or portions of risks ceded to an unauthorized reinsurer, after review, on a case by case basis. The commissioner may require any documents, financial information or other evidence that such an unauthorized reinsurer will be able to demonstrate adequate security for its financial obligations.

(c) In addition to reinsurers authorized by this title, a captive insurance company may take credit for the reinsurance of risks or portions of risks ceded to a pool, exchange or association to the extent authorized by the commissioner. The commissioner may require any documents, financial information or other evidence that such a pool, exchange or association will be able to provide adequate security for its financial obligations. The commissioner may deny authorization or impose any limitations on the activities of a reinsurance pool, exchange or association that, in the commissioner's judgment, are necessary and proper to provide adequate security for the ceding captive insurance company and for the protection and consequent benefit of the public at large.

(d) Except where specifically provided otherwise, insurance by a captive insurance company of any workers' compensation or accident and health qualified self-insured plan of its parent and affiliates shall be deemed to be reinsurance.

§ 56-13-113. Rating organizations; insolvency fund

(a) No captive insurance company shall be required to join a rating organization.

(b) No captive insurance company shall be permitted to join or contribute financially to any plan, pool, association, or guaranty or insolvency fund in this state, nor shall any such captive insurance company, or any insured or affiliate thereof, receive any benefit from any such plan, pool, association, or guaranty or insolvency fund for claims arising out of the operations of such captive insurance company.

§ 56-13-114. Taxes

(a) Each captive insurance company shall pay to the department, on or prior to March 1 of each year, a tax at the rate of four tenths of one percent (0.4%) on the first twenty million dollars (\$20,000,000), and three tenths of one percent (0.3%) on each dollar thereafter on the direct

premiums collected or contracted for on policies or contracts of insurance written by the captive insurance company during the year ending December 31 next preceding, after deducting from the direct premiums subject to the tax the amounts paid to policyholders as return premiums. Return premiums shall include dividends on unabsorbed premiums or premium deposits returned or credited to policyholders. No tax shall be due or payable under this title as to considerations received for annuity contracts.

(b) Each captive insurance company shall pay to the department, on or prior to March 1 of each year, a tax at the rate of 225-thousandths of one percent (0.225%) on the first twenty million dollars (\$20,000,000) of assumed reinsurance premium, and 150-thousandths of one percent (0.150%) on the next twenty million dollars (\$20,000,000), and 50-thousandths of one percent (0.050%) on the next twenty million dollars (\$20,000,000), and 25-thousandths of one percent (0.025%) of each dollar thereafter. However, no reinsurance tax applies to premiums for risks or portions of risks that are subject to taxation on a direct basis pursuant to subsection (a). No reinsurance premium tax shall be payable in connection with the receipt of assets in exchange for the assumption of loss reserves and other liabilities of another insurer under common ownership and control; provided, that the commissioner verifies that such transaction is part of a plan to discontinue the operations of such other insurer, and if the intent of the parties to such transaction is to renew or maintain such business with the captive insurance company.

(c) (1) Except with regard to a protected cell captive insurance company, as defined in § 56-13-202, with more than ten (10) cells, the annual minimum aggregate tax to be paid by a captive insurance company calculated under subsections (a) and (b) shall be five thousand dollars (\$5,000), and the annual maximum aggregate tax shall be one hundred thousand dollars (\$100,000).

(2) For a protected cell captive insurance company with more than ten (10) cells, the annual minimum aggregate tax to be paid under subsections (a) and (b) shall be ten thousand dollars (\$10,000), and the annual maximum aggregate tax shall be one hundred thousand dollars (\$100,000) plus five thousand dollars (\$5,000) multiplied by the number of cells over ten (10).

(d) The tax provided for in this section shall constitute all taxes collectible under the laws of this state from any captive insurance company and from any insured on its payments to a captive insurance company, and no other occupation tax or other taxes shall be levied or collected from any captive insurance company by this state or any county, city, or municipality within this state, except ad valorem taxes on real and personal property used in the production of income.

(e) Captive insurance companies, protected cells of captive insurance companies, and incorporated protected cells of captive insurance companies shall be subject to the fees in § 56-4-101.

(f) All premium taxes paid into the department under this chapter shall be held by the commissioner as expendable receipts for the purpose of administering this chapter and for promoting the Tennessee captive insurance industry.

(g) The tax provided for in this section shall be calculated on an annual basis, notwithstanding policies or contracts of insurance or contracts of reinsurance issued on a multiyear basis. In the case of multiyear policies or contracts, the premium shall be prorated for purposes of determining the tax under this section.

(h) Nothing in this section shall be construed to provide an exemption from the sales and use tax imposed by title 67, chapter 6.

§ 56-13-115. Rules adoption to carry out chapter provisions

The commissioner may adopt and, from time to time, amend such rules relating to captive insurance companies as are necessary to enable the commissioner to carry out the provisions of this chapter.

§ 56-13-116. Application of title provisions generally; application of chapter 45

No provisions of this title, other than those contained in this chapter or expressly provided in this chapter, shall apply to captive insurance companies. Risk retention groups shall have the privileges and be subject to chapter 45 of this title in addition to the applicable provisions of this chapter. Section 56-2-801 applies to this chapter.

§ 56-13-117. Rules; risk management function

The commissioner may adopt rules establishing standards to ensure that a parent or its affiliated company, or an industrial insured or its affiliated company, is able to exercise control of the risk management function of any controlled unaffiliated business to be insured by a pure captive insurance company or an industrial insured captive insurance company, respectively; provided, however, that, until such time as rules under this section are adopted, the commissioner may approve the coverage of such risks by a pure captive insurance company or an industrial insured captive insurance company.

§ 56-13-118. Application of chapter 24 of title

Except as otherwise provided in this chapter, the terms and conditions set forth in chapter 24 of this title shall apply in full to captive insurance companies formed or licensed under this chapter.

§ 56-13-119. Purchase of stock by governmental entities

Any municipality, metropolitan government, county, authority, utility district, or other public body generally classified as a governmental body or governmental entity, whether organized by private act or public act of the general assembly, or otherwise, or any agency, board, or commission of any municipality, metropolitan government, county, authority, utility district, or other public body generally classified as a governmental body or governmental entity, may expend public funds other than local tax revenues for the purchase of capital stock in a captive insurance company or to provide guaranty capital in a mutual captive insurance company; provided, that at the time of authorization of expenditure of public funds adequate insurance

markets in the United States are not available to cover the risks, hazards and liabilities of the public body or that the needed coverage is only available at excessive rates or with unreasonable deductibles.

§ 56-13-120. Violations; authority of commissioner

If, after providing notice consistent with the process established by § 4-5-320(c) and providing the opportunity for a contested case hearing held in accordance with the Uniform Administrative Procedures Act, compiled in title 4, chapter 5, part 3, the commissioner finds that any insurer, person, or entity required to be licensed, permitted, or authorized to transact the business of insurance under this chapter has violated any provision of this chapter or any rule or regulation authorized by this chapter, the commissioner may order:

(1) The insurer, person, or entity to cease and desist from engaging in the act or practice giving rise to the violation;

(2) Payment of a monetary penalty of not more than one thousand dollars (\$1,000) for each violation, but not to exceed an aggregate penalty of one hundred thousand dollars (\$100,000), unless the insurer, person, or entity knowingly violates a statute, rule or order, in which case the penalty shall not be more than twenty-five thousand dollars (\$25,000) for each violation, not to exceed an aggregate penalty of two hundred fifty thousand dollars (\$250,000). This subdivision (2) shall not apply where a statute or rule specifically provides for other civil penalties for the violation. For purposes of this subdivision (2), each day of continued violation shall constitute a separate violation; and

(3) The suspension or revocation of the insurer's, person's, or entity's license.

§ 56-13-121. Rules

The commissioner is authorized to promulgate rules and regulations necessary to effectuate the purposes of this chapter; provided, that, no rule promulgated pursuant to this chapter shall affect a special purpose financial captive (SPFC) insurance securitization, as defined and authorized by part 4 of this chapter, in effect at the time of the promulgation. All such rules and regulations shall be promulgated in accordance with the Uniform Administrative Procedures Act, compiled in title 4, chapter 5.

§ 56-13-122. Captive insurance companies; audit; report

(a) The regulation of captive insurance companies as authorized by this chapter is subject to audit by the comptroller of the treasury as otherwise provided by state law. Information submitted to the department by captive insurance companies subject to this chapter shall, without written request, be open to inspection by, or disclosure to, the comptroller of the treasury or the comptroller's designated representative for purposes of audit.

(b) The commissioner shall annually report to the commerce and labor committee of the senate, and the insurance and banking committee of the house of representatives regarding the captive insurance company program. Such report shall include, but not be limited to, the number and types of captive insurance companies authorized by the commissioner to conduct business in this state, the amount of premium tax and fee revenues generated pursuant to the program, and any recommendations for legislative action to improve the captive insurance company program.

Part 2. Protected Cell Captive Insurance Companies

§ 56-13-201. Formation of company; incorporation

(a) One (1) or more sponsors may form a protected cell captive insurance company under this chapter. In addition to part 1 of this chapter, this part shall apply to protected cell captive insurance companies.

(b) A protected cell captive insurance company shall be incorporated as a stock insurer with its capital divided into shares and held by the stockholders, as a mutual corporation, as a nonprofit corporation with one (1) or more members, or as a limited liability company.

§ 56-13-202. Definitions

As used in this part, unless the context requires otherwise:

(1) “General account” means all assets and liabilities of a protected cell captive insurance company not attributable to a protected cell;

(2) “Participant” means a person or an entity, authorized to be a participant by § 56-13-205, and any affiliate of a participant, that is insured by a protected cell captive insurance company, if the losses of the participant are limited through a participant contract;

(3) “Participant contract” means a contract by which a protected cell captive insurance company insures the risks of a participant and limits the losses of each such participant to its pro rata share of the assets of one (1) or more protected cells identified in such participant contract;

(4) “Protected cell” means a separate account established by a protected cell captive insurance company formed or licensed under this chapter, in which an identified pool of assets and liabilities are segregated and insulated by means of this chapter from the remainder of the protected cell captive insurance company's assets and liabilities in accordance with the terms of one (1) or more participant contracts to fund the liability of the protected cell captive insurance company with respect to the participants as set forth in the participant contracts;

(5) “Protected cell assets” means all assets, contract rights, and general intangibles identified with and attributable to a specific protected cell of a protected cell captive insurance company;

(6) “Protected cell captive insurance company” means any captive insurance company:

(A) In which the minimum capital and surplus required by this chapter are provided by one (1) or more sponsors;

(B) That is formed or licensed under this chapter;

(C) That insures the risks of separate participants through participant contracts; and

(D) That funds its liability to each participant through one (1) or more protected cells and segregates the assets of each protected cell from the assets of other protected cells and from the assets of the protected cell captive insurance company's general account;

(7) "Protected cell liabilities" means all liabilities and other obligations identified with and attributed to a specific protected cell of a protected cell captive insurance company; and

(8) "Sponsor" means any person or entity that is approved by the commissioner to provide all or part of the capital and surplus required by this chapter and to organize and operate a protected cell captive insurance company.

§ 56-13-203. Company information filing requirements

In addition to the information required by § 56-13-103(c)(1), each applicant-protected cell captive insurance company shall file with the commissioner the following:

(1) Materials demonstrating how the applicant will account for the loss and expense experience of each protected cell at a level of detail found to be sufficient by the commissioner, and how it will report such experience to the commissioner;

(2) A statement acknowledging that all financial records of the applicant, including records pertaining to any protected cells, shall be made available for inspection or examination by the commissioner or the commissioner's designated agent;

(3) All contracts or sample contracts between the applicant and any participants; and

(4) Evidence that expenses shall be allocated to each protected cell in a fair and equitable manner.

§ 56-13-204. Protected cells; establishment and maintenance; conditions

A protected cell captive insurance company formed or licensed under this chapter may establish and maintain one (1) or more incorporated or unincorporated protected cells, to insure risks of one (1) or more participants, subject to the following conditions:

(1) (A) A protected cell captive insurance company may establish one (1) or more protected cells if the commissioner has approved in writing a plan of operation or amendments to a plan of operation submitted by the protected cell captive insurance company with respect to each protected cell. A plan of operation shall include, but is not limited to, the specific business

objectives and investment guidelines of the protected cell; provided, that the commissioner may require additional information in the plan of operation;

(B) Upon the commissioner's written approval of the plan of operation, the protected cell captive insurance company, in accordance with the approved plan of operation, may attribute insurance obligations with respect to its insurance business to the protected cell;

(C) A protected cell shall have its own distinct name or designation that shall include the words "protected cell" or "incorporated cell" provided, an incorporated cell formed as a series of a limited liability company, if formed after July 1, 2015, shall bear a distinct name or designation as reflected in its formation documents and shall include the words "series cell";

(D) The protected cell captive insurance company shall transfer all assets attributable to a protected cell to one (1) or more separately established and identified protected cell accounts bearing the name or designation of that protected cell. Protected cell assets must be held in the protected cell accounts for the purpose of satisfying the obligations of that protected cell;

(E) An incorporated protected cell may be organized and operated in any form of business organization authorized by the commissioner, including, but not limited to, an individual series of a limited liability company as provided for in title 48, chapter 249. Each incorporated protected cell of a protected cell captive insurer shall be treated as a captive insurer for purposes of this chapter. Unless otherwise permitted by the organizational documents of a protected cell captive insurer, each incorporated protected cell of the protected cell captive insurer must have the same directors, secretary, and registered office as the protected cell captive insurer;

(F) All attributions of assets and liabilities between a protected cell and the general account shall be in accordance with the plan of operation and participant contracts approved by the commissioner. No other attribution of assets or liabilities shall be made by a protected cell captive insurance company between the protected cell captive insurance company's general account and its protected cells. Any attribution of assets and liabilities between the general account and a protected cell shall be in cash or in readily marketable securities with established market values;

(2) The creation of a protected cell does not create, with respect to that protected cell, a legal person separate from the protected cell captive insurance company unless the protected cell is an incorporated cell. Amounts attributed to a protected cell under this part, including assets transferred to a protected cell account, are owned by the protected cell. No protected cell captive insurance company shall be, or hold itself out to be, a trustee with respect to those protected cell assets of that protected cell account. Notwithstanding this subdivision (2), the protected cell captive insurance company may allow for a security interest to attach to protected cell assets or a

protected cell account when in favor of a creditor of the protected cell and otherwise allowed under applicable law;

(3) This chapter shall not be construed to prohibit the protected cell captive insurance company from contracting with or arranging for an investment advisor, commodity trading advisor, or other third party to manage the protected cell assets of a protected cell, if all remuneration, expenses, and other compensation of the third party advisor or manager are payable from the protected cell assets of that protected cell and not from the protected cell assets of other protected cells or the assets of the protected cell captive insurance company's general account;

(4) (A) A protected cell captive insurance company shall establish administrative and accounting procedures necessary to properly identify the one (1) or more protected cells of the protected cell captive insurance company and the protected cell assets and protected cell liabilities attributable to the protected cells. The directors of a protected cell captive insurance company shall keep protected cell assets and protected cell liabilities:

(i) Separate and separately identifiable from the assets and liabilities of the protected cell captive insurance company's general account; and

(ii) Attributable to one (1) protected cell separate and separately identifiable from protected cell assets and protected cell liabilities attributable to other protected cells;

(B) If subdivision (4)(A) is violated, then the remedy of tracing is applicable to protected cell assets when commingled with protected cell assets of other protected cells or the assets of the protected cell captive insurance company's general account. The remedy of tracing shall not be construed as an exclusive remedy;

(5) When establishing a protected cell, the protected cell captive insurance company shall attribute to the protected cell assets a value at least equal to the reserves and other insurance liabilities attributed to that protected cell;

(6) Each protected cell shall be accounted for separately on the books and records of the protected cell captive insurance company to reflect the financial condition and results of operations of such protected cell, net income or loss, dividends or other distributions to participants, and such other factors as may be provided in the participant contract or required by the commissioner;

(7) No asset of a protected cell shall be chargeable with liabilities arising out of any other insurance business the protected cell captive insurance company may conduct;

(8) No sale, exchange, or other transfer of assets shall be made by such protected cell captive insurance company between or among any of its protected cells without the consent of such protected cells;

(9) No sale, exchange, transfer of assets, dividend, or distribution shall be made from a protected cell to a protected cell captive insurance company or participant without the commissioner's approval. In no event shall the commissioner's approval be given if the sale, exchange, transfer, dividend or distribution would result in the insolvency or impairment of a protected cell;

(10) All attributions of assets and liabilities to the protected cells and the general account shall be in accordance with the plan of operation approved by the commissioner. No other attribution of assets or liabilities shall be made by a protected cell captive insurance company between its general account and any protected cell or between any protected cells. The protected cell captive insurance company shall attribute all insurance obligations, assets, and liabilities relating to a reinsurance contract entered into with respect to a protected cell to such protected cell. The performance under such reinsurance contract and any tax benefits, losses, refunds, or credits allocated pursuant to a tax allocation agreement to which the protected cell captive insurance company is a party, including any payments made by or due to be made to the protected cell captive insurance company pursuant to the terms of such agreement, shall reflect the insurance obligations, assets, and liabilities relating to the reinsurance contract that are attributed to such protected cell;

(11) In connection with the conservation, rehabilitation, or liquidation of a protected cell captive insurance company, the assets and liabilities of a protected cell shall, to the extent the commissioner determines they are separable, at all times be kept separate from, and shall not be commingled with, those of other protected cells and the protected cell captive insurance company;

(12) Each protected cell captive insurance company shall annually file with the commissioner such financial reports as required by the commissioner. Any such financial report shall include, without limitation, accounting statements detailing the financial experience of each protected cell;

(13) Each protected cell captive insurance company shall notify the commissioner in writing within ten (10) business days of any protected cell that is insolvent or otherwise unable to meet its claim or expense obligations;

(14) No participant contract shall take effect without the commissioner's prior written approval. The addition of each new protected cell, the withdrawal of any participant, or the termination of any existing protected cell shall constitute a change in the plan of operation requiring the commissioner's prior written approval;

(15) The business written by a protected cell captive insurance company, with respect to each protected cell, shall be:

- (A) Fronted by an insurance company licensed under the laws of any state;
- (B) Reinsured by a reinsurer authorized or approved by this state; or

(C) Secured by a trust fund in the United States for the benefit of policyholders and claimants or funded by an irrevocable letter of credit or other arrangement that is acceptable to the commissioner. The amount of security provided shall be no less than the reserves associated with those liabilities which are neither fronted nor reinsured, including reserves for losses, allocated loss adjustment expenses, incurred but not reported losses and unearned premiums for business written through the participant's protected cell. The commissioner may require the protected cell captive insurance company to increase the funding of any security arrangement established under this subdivision (15). If the form of security is a letter of credit, the letter of credit shall be issued or confirmed by a bank approved by the commissioner. A trust maintained pursuant to this subdivision (15) shall be established in a form and upon such terms approved by the commissioner; and

(16) Notwithstanding this title or other laws of this state, and in addition to § 56-13-207, in the event of an insolvency of a protected cell captive insurance company where the commissioner determines that one (1) or more protected cells remain solvent, the commissioner may separate such cells from the protected cell captive insurance company and may allow, on application of the protected cell captive insurance company, for the conversion of such protected cells into one (1) or more new or existing protected cell captive insurance companies, or one (1) or more other captive insurance companies, pursuant to such plan of operation as the commissioner deems acceptable.

§ 56-13-205. Participants in protected cell captive insurance companies

(a) Associations, corporations, limited liability companies, partnerships, trusts, and other business entities may be participants in any protected cell captive insurance company formed or licensed under this chapter.

(b) A sponsor may be a participant in a protected cell captive insurance company.

(c) A participant need not be a shareholder of the protected cell captive insurance company or any affiliate thereof.

(d) A participant shall insure only its own risks through a protected cell captive insurance company, unless otherwise approved by the commissioner.

§ 56-13-206. Investments

Notwithstanding § 56-13-204, the assets of two (2) or more protected cells may be combined for purposes of investment, and such combination shall not be construed as defeating the segregation of such assets for accounting or other purposes. Notwithstanding any other provision of this title, the commissioner may approve the use of alternative reliable methods of valuation and rating.

§ 56-13-207. Application of chapter 9 of title; management of assets and liabilities by receiver

(a) Except as otherwise provided in this section, chapter 9 of this title shall apply to a protected cell captive insurance company.

(b) Upon any order of supervision, rehabilitation, or liquidation of a protected cell captive insurance company, the receiver shall manage the assets and liabilities of the protected cell captive insurance company pursuant to this part.

(c) Notwithstanding chapter 9 of this title:

(1) No assets of a protected cell shall be used to pay any expenses or claims other than those attributable to such protected cell; and

(2) A protected cell captive insurance company's capital and surplus shall at all times be available to pay any expenses of or claims against the protected cell captive insurance company.

Part 3. Branch Captive Insurance Companies

§ 56-13-301. Establishment of branch captive insurance company

(a) A branch captive insurance company may be established in this state, in accordance with this chapter, to write in this state any insurance or reinsurance of the employee benefit business of its parent and affiliated companies that is subject to the Employee Retirement Income Security Act of 1974, as amended, or any insurance or reinsurance permitted to be written by captive insurance companies pursuant to this chapter. In addition to any applicable provisions of this chapter, this part shall apply to branch captive insurance companies.

(b) No branch captive insurance company shall do any insurance business in this state unless it maintains the principal place of business for its branch operations in this state.

§ 56-13-302. Definitions

As used in this part, unless the context requires otherwise:

(1) "Alien captive insurance company" means any insurance company formed to write insurance business for its parents and affiliates and licensed pursuant to the laws of an alien jurisdiction which imposes statutory or regulatory standards in a form acceptable to the commissioner on companies transacting the business of insurance in such jurisdiction;

(2) "Branch business" means any insurance business transacted by a branch captive insurance company in this state;

(3) "Branch captive insurance company" means any alien captive insurance company licensed by the commissioner to transact the business of insurance in this state through a business unit with a principal place of business in this state. A branch captive insurance company is a pure captive

insurance company with respect to operations in this state, unless otherwise permitted by the commissioner; and

(4) “Branch operations” means any business operations of a branch captive insurance company in this state.

§ 56-13-303. License; security for payment of liabilities; form

(a) No branch captive insurance company shall be issued a license by the commissioner unless it possesses and maintains, as security for the payment of liabilities attributable to the branch operations:

(1) An amount equal to the amount set forth in § 56-13-105 as the minimum capital requirement for a pure captive insurance company; and

(2) Reserves on such insurance policies or such reinsurance contracts as may be issued or assumed by the branch captive insurance company through its branch operations, including reserves for losses, allocated loss adjustment expenses, incurred but not reported losses, and unearned premiums with regard to business written through the branch operations; provided, however, that, the commissioner may permit a branch captive insurance company to credit against any such reserve requirement any security for loss reserves that the branch captive insurance company may post with a ceding insurer or that may be posted by a reinsurer with the branch captive insurance company, and in either case if such security remains posted.

(b) Subject to the prior approval of the commissioner, the amounts required in subsection (a) may be held in the form of:

(3) With respect to the amounts required in subdivision (a)(1) only, cash on deposit with the commissioner; or

(4) Any combination of subdivisions (b)(1)-(3).

§ 56-13-304. Captive insurance company seeking licensure as branch captive insurance company; petition by alien captive insurance company

In the case of a captive insurance company seeking to become licensed as a branch captive insurance company, the alien captive insurance company shall petition the commissioner to issue a certificate setting forth the commissioner’s finding that, after considering the character, reputation, financial responsibility, insurance experience, and business qualifications of the officers and directors of the alien captive insurance company, the licensing and maintenance of

the branch operations will promote the general good of this state. The alien captive insurance company in this state after the commissioner's certificate of authority is issued shall also comply with titles 48 and 61.

§ 56-13-305. Reports and statements; filing

Prior to March 1 of each year, or with the approval of the commissioner within sixty (60) days after its fiscal year-end, a branch captive insurance company shall file with the commissioner a copy of all reports and statements required to be filed under the laws of the jurisdiction in which the alien captive insurance company is formed, verified by oath of two (2) of its executive officers. If the commissioner is satisfied that the annual report filed by the alien captive insurance company in its domiciliary jurisdiction provides adequate information concerning the financial condition of the alien captive insurance company, the commissioner may waive the requirement for completion of the captive annual statement for business written in the alien jurisdiction.

§ 56-13-306. Examination of branch business; certificate of compliance

(a) The examination of a branch captive insurance company pursuant to § 56-13-109 shall be of branch business and branch operations only, if the branch captive insurance company provides annually to the commissioner a certificate of compliance, or its equivalent, issued by or filed with the licensing authority of the jurisdiction in which the branch captive insurance company is formed, and demonstrates to the commissioner's satisfaction that it is operating in sound financial condition in accordance with all applicable laws and regulations of such jurisdiction.

(b) As a condition of licensure, an alien captive insurance company shall grant authority to the commissioner for examination of the affairs of the alien captive insurance company in the jurisdiction in which the alien captive insurance company is formed.

§ 56-13-307. Tax application to branch business

In the case of a branch captive insurance company, the tax provided for in § 56-13-114 shall apply only to the branch business of such company.

Part 4. Special Purpose Financial Captives

§ 56-13-401. Creation of special purpose financial captives

This part provides for the creation of “special purpose financial captives” (SPFCs) exclusively to facilitate the securitization of one (1) or more risks, as a means of accessing alternative sources of capital and achieving the benefits of securitization. SPFCs are created for the limited purpose of entering into SPFC contracts and insurance securitization transactions and into related agreements to facilitate the accomplishment and execution of those transactions. The creation of SPFCs is intended to achieve greater efficiencies in structuring and executing insurance securitizations, to diversify and broaden sources of capital for insurers, to facilitate access for

many insurers to insurance securitization and capital markets financing technology, and to further the economic development and expand the interest of this state through its captive insurance program.

§ 56-13-402. Definitions

For purposes of this part:

(1) “Affiliated company” means a company in the same corporate system as a parent, by virtue of common ownership, control, operation, or management;

(2) “Control”, “controlling”, “controlled by”, and “under common control with” mean the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or non-management services, or otherwise; provided, that such power is not the result of an official position with or corporate office held by the person. Control shall be presumed to exist if a person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing ten percent (10%) or more of the voting securities of another person. This presumption may be rebutted by a showing that control does not exist. Notwithstanding this subdivision (2), for purposes of this part, the fact that an SPFC exclusively provides reinsurance to a ceding insurer under an SPFC contract is not by itself sufficient grounds for a finding that the SPFC and ceding insurer are under common control;

(3) “Counterparty” means an SPFC's parent or affiliated company, a ceding insurer to the SPFC contract, or subject to the prior approval of the commissioner, a non-affiliated company;

(4) “Fair value” means:

(a) A value determined using the best information available considering values of similar assets and other valuation methods, such as present value of future cash flows, historical value of the same or similar assets, or comparison to values of other asset classes, the value of which have been historically related to the subject asset; or

(b) The amount at which that asset could be bought or sold in a current transaction between arms-length, willing parties;

(5) “Insolvency” or “insolvent” means that the SPFC or one (1) or more of its protected cells is unable to pay its obligations when they are due, unless those obligations are the subject of a bona fide dispute, or the commissioner previously has established by order other criteria for determining the solvency of the SPFC or one (1) or more of its protected cells, in which case the SPFC is insolvent if it fails to meet that criteria;

(6) “Insurance securitization” and “securitization” mean a transaction or a group of related transactions, which:

(A) Include capital market offerings, that are effected through related risk transfer instruments and facilitating administrative agreements where all or part of the result of such transactions is used to fund the SPFC's obligations under a reinsurance contract with a ceding insurer and by which:

(i) Proceeds are obtained by a special purpose financial captive insurance company, directly or indirectly, through the issuance of securities by the SPFC or any other person; or

(ii) A person provides one (1) or more letters of credit or other assets for the benefit of the SPFC; that the commissioner authorizes the SPFC to treat such letters of credit or other assets as admitted assets for purposes of the SPFC's annual report; and all or any part of such proceeds, letters of credit, or assets, as applicable, are used to fund the SPFC's obligations under a reinsurance contract with a ceding insurer; and

(B) Do not include the issuance of a letter of credit for the benefit of the commissioner to satisfy all or part of the SPFC's capital and surplus requirements under § 56-13-406;

(7) “Management” means the board of directors, managing board, or other individual or individuals vested with overall responsibility for the management of the affairs of the SPFC, including the election and appointment of officers or other of those agents to act on behalf of the SPFC;

(8) “Organizational document” means the SPFC's articles of incorporation, articles of charter, articles of organization, bylaws, operating agreement, or other formation documents as required by the secretary of state that establish the SPFC as a legal entity or prescribes its existence;

(9) “Parent” means any corporation, limited liability company, partnership, or individual that directly or indirectly owns, controls, or holds with power to vote more than fifty percent (50%) of the outstanding voting securities of an SPFC;

(10) “Protected cell” means a separate account established and maintained by an SPFC for one (1) SPFC contract and the accompanying insurance securitization with a counterparty;

(11) “Securities” means those different types of debt obligations, equity, surplus certificates, surplus notes, funding agreements, derivatives, and other legal forms of financial instruments;

(12) “SPFC” or “special purpose financial captive” means a captive insurance company that has received a certificate of authority from the commissioner for the limited purposes provided for in this part;

(13) “SPFC contract” means a contract between the SPFC and the counterparty pursuant to which the SPFC agrees to provide insurance or reinsurance protection to the counterparty for risks associated with the counterparty's insurance or reinsurance business;

(14) “SPFC securities” means the securities issued by a SPFC; and

(15) “Surplus note” means an unsecured subordinated debt obligation deemed to be a surplus certificate under this title and otherwise possessing characteristics consistent with paragraph 3 of the Statement of Statutory Accounting Principles No. 41, as amended, National Association of Insurance Commissioners (NAIC).

§ 56-13-403. Application of title provisions; exemption from chapter

(a) No provisions of this title, other than those expressly provided in this part, shall apply to an SPFC, and those provisions apply only as modified by this part. If a conflict occurs between this title and this part, this part shall control.

(b) The commissioner, by rule, regulation, or order, may exempt an SPFC or its protected cells, on a case-by-case basis, from this chapter if the commissioner determines regulation under this chapter to be inappropriate given the nature of the risks to be insured.

§ 56-13-404. Application for authority to transact insurance or reinsurance business; filings; examinations; rules; fees; taxes; grant of authority

(a) An SPFC, when permitted by its organizational documents, may apply to the commissioner for a certificate of authority to transact insurance or reinsurance business as authorized by this part. An SPFC shall only insure or reinsure the risks of its counterparty. Notwithstanding any other provision of this part, an SPFC may purchase reinsurance to cede the risks assumed under the SPFC contract as approved by the commissioner.

(b) To transact business in this state, an SPFC shall:

(1) Comply with the procedure established in § 56-13-103(c)(1);

(3) Hold at least one (1) management meeting each year in this state;

(4) Maintain its principal place of business in this state;

(A) The amount and liquidity of its assets relative to the risks to be assumed;

(B) The adequacy of the expertise, experience, and character of the person or persons who manage the SPFC;

(C) The overall soundness of the SPFC's plan of operation;

(3) A plan of operation, consisting of a description of or statement of intent with respect to the contemplated insurance securitization, the SPFC contract, and related transactions, which shall include:

(A) Draft documentation or, at the discretion of the commissioner, a written summary of all material agreements that are entered into to effectuate the SPFC contract and, before the effectuation of the SPFC contract, the insurance securitization, to include the names of the counterparty, the nature of the risks being assumed, the proposed use of

protected cells, if any, and the maximum amounts, purpose, and nature and the interrelationships of the various transactions required to effectuate the insurance securitization;

(B) The source and form of additional capitalization to be contributed to the SPFC;

(C) The proposed investment strategy of the SPFC;

(D) A description of the underwriting, reporting, and claims payment methods by which losses covered by the SPFC contract are reported, accounted for, and settled; and

(A) The applicant SPFC complies with this part;

(B) The applicant SPFC operates only pursuant to this part;

(C) The applicant SPFC's investment strategy reflects and takes into account the liquidity of assets and the reasonable preservation, administration, and asset management of such assets relative to the risks associated with the SPFC contract and the insurance securitization transaction;

(D) The securities proposed to be issued, if any, are valid legal obligations that are either properly registered with the commissioner or constitute an exempt security or form part of an exempt transaction; and

(6) Any other statements or documents required by the commissioner to evaluate and complete the licensing of the SPFC.

(d) In addition to the information required by subsection (c) and § 56-13-408, if a protected cell is used, then an applicant SPFC shall file with the commissioner:

(1) A business plan demonstrating how the applicant SPFC accounts for the loss and expense experience of each protected cell at a level of detail found to be sufficient by the commissioner, and how the applicant will report the experience to the commissioner;

(2) A statement acknowledging that all financial records of the SPFC, including records pertaining to any protected cells, must be made available for inspection or examination by the commissioner;

(3) All contracts or sample contracts between the SPFC and any counterparty, related to each protected cell; and

(4) A description of the expenses allocated to each protected cell.

(e) Information submitted pursuant to this section shall be and remain confidential, and shall not be made public by the commissioner without the written consent of the company, except that:

(1) Such information may be discoverable by a party in a civil action or contested case to which the captive insurance company that submitted such information is a party, upon a showing by the party seeking to discover such information that:

(A) The information sought is relevant to and necessary for the furtherance of such action or case;

(B) The information sought is unavailable from other non-confidential sources; and

(C) A subpoena issued by a judicial or administrative officer of competent jurisdiction has been submitted to the commissioner; and

(2) The commissioner shall have the discretion to disclose such information to a public officer having jurisdiction over the regulation of insurance in another state; provided, that:

(A) Such public official shall agree in writing to maintain the confidentiality of such information; and

(B) The laws of the state in which such public official serves require such information to be and to remain confidential.

(f) Section 56-13-109 applies to examinations, investigations, and processing conducted pursuant this part.

(g) SPFCs are subject to any rules or regulations promulgated pursuant to § 56-13-121, unless specifically exempted from such rule.

(h) An SPFC shall make payments to the commissioner in accordance with the fee schedule established in chapter 4, part 1 of this title. The commissioner may retain legal, financial, and examination services from outside the department to examine and investigate the application, the reasonable cost of which may be charged against the applicant. The commissioner also may use internal resources to examine and investigate the application based upon an hourly rate for the

services performed or the usual and customary fee charged by the financial services industry for similar work subject to a minimum fee of twelve thousand dollars (\$12,000), six thousand dollars (\$6,000) of which is payable upon filing of the application, and the remainder upon licensure.

(i) An SPFC shall be subject to payment of premium taxes as required by § 56-13-114.

(j) The commissioner may grant a certificate of authority authorizing the SPFC to transact insurance or reinsurance business as an SPFC in this state, upon a finding by the commissioner that:

(1) The SPFC's proposed plan of operation provides a reasonable and expected successful operation;

(2) The terms of the SPFC contract and related transactions comply with this part;

(3) The proposed plan of operation is not hazardous to any counterparty;

(4) To the extent required by law or regulation, the commissioner or an equivalent regulatory authority of the state of domicile of each counterparty has notified the commissioner in writing or otherwise provided assurance satisfactory to the commissioner that it has approved or not disapproved the transaction; and

(5) The certificate of authority authorizing the SPFC to transact business is limited only to the insurance or reinsurance activities that the SPFC is authorized to conduct pursuant to this part.

(k) In evaluating the expectation of a successful operation, the commissioner shall consider, among other factors, whether the proposed SPFC and its management are of known good character and reasonably believed not to be affiliated, directly or indirectly, through ownership, control, management, reinsurance transactions, or other insurance or business relations, with a person known to have been involved in the improper manipulation of assets, accounts, or reinsurance.

(l) To ensure the proposed plan of operation is not hazardous to any counterparty, the commissioner may require reasonable safeguards in the SPFC's plan of operation where applicable and appropriate in the circumstance, including, without limitation, that certain assets of the SPFC be held in a trust to secure the obligations of the SPFC to a counterparty under an SPFC contract.

(m) A foreign or alien corporation or limited liability company, upon approval of the commissioner, may become a domestic SPFC after complying with § 56-13-103(c)(1)(A). After such documents are successfully filed, the foreign or alien corporation or limited liability company is entitled to the necessary or appropriate certificates or licenses to transact business as an SPFC in this state and is subject to the authority and jurisdiction of this state. In connection with this redomestication, the commissioner may waive any requirements for public hearings. It

is not necessary for a corporation or limited liability company redomesticating into this state to merge, consolidate, transfer assets, or otherwise engage in another reorganization, other than as specified in this section.

§ 56-13-405. Form of organization; documents; name; residency

- (a) An SPFC may be established as a stock corporation, limited liability company, mutual, partnership, or other form of organization approved by the commissioner.
- (b) The SPFC's organizational documents shall limit the SPFC's authority to transact the business of insurance or reinsurance to those activities the SPFC conducts to accomplish its purpose as expressed in this part.
- (c) The SPFC shall not adopt a name that is the same as, deceptively similar to, or likely to be confused with or mistaken for another existing business name registered in this state. Any name adopted by an SPFC shall comply with titles 48 and 61.
- (d) An SPFC shall have at least three (3) incorporators or organizers, of whom at least two (2) shall be residents of this state.
- (e) At least one (1) of the members of the management of the SPFC shall be a resident of this state.
- (f) An SPFC formed pursuant to this part has the privileges of and is subject to all other requirements of this state's law applicable to its formation, as well as the applicable provisions contained in this part; provided, that this part controls if a conflict exists in this state's law.

§ 56-13-406. Capitalization

- (a) An SPFC shall initially possess and maintain, minimum capitalization of not less than two hundred and fifty thousand dollars (\$250,000). All of the minimum initial capitalization shall be in cash. All other funds of the SPFC in excess of its minimum initial capitalization shall be in the form of cash, cash equivalent, or securities invested as approved by the commissioner.
- (b) Additional capitalization for the SPFC shall be determined, if so required, by the commissioner after giving due consideration to the SPFC's plan of operation, feasibility study, pro-formas, and the nature of the risks being insured or reinsured, which may be prescribed in formulas approved by the commissioner.

§ 56-13-407. Allowed insurance, contracts, and other activities; reserves

- (a) An SPFC shall only insure the risks of a counterparty.
- (b) No SPFC shall issue a contract for assumption of risk or indemnification of loss other than an SPFC contract. However, the SPFC may cede risks assumed through an SPFC contract to third

party reinsurers through the purchase of reinsurance or retrocession protection on terms approved by the commissioner.

(c) An SPFC may enter into contracts and conduct other commercial activities related or incidental to and necessary to fulfill the purposes of the SPFC contract, insurance securitization, and this part. Those activities may include, but are not limited to:

- (1) Entering into SPFC contracts;
- (2) Issuing SPFC securities in accordance with applicable securities law;
- (3) Complying with the terms of such contracts or securities;
- (4) Entering into trust, guaranteed investment contract, letter of credit, swap, tax, administration, reimbursement, or fiscal agent transactions; and
- (5) Complying with trust indenture, reinsurance, or retrocession; and agreements necessary or incidental to effectuate an insurance securitization in compliance with this part or the plan of operation approved by the commissioner.

(d) (1) An SPFC shall discount its reserves at discount rates as approved by the commissioner.

(2) An SPFC shall maintain reserves that are actuarially sufficient to support the liabilities incurred by SPFC in reinsuring life insurance policies.

(3) An SPFC shall file annually with the commissioner an actuarial opinion on reserves provided by an approved independent actuary.

§ 56-13-408. Protected cells; establishment and maintenance

(a) This section and § 56-13-409 provide a basis for the creation and use of protected cells by an SPFC as a means of accessing alternative sources of capital, lowering formation and administrative expenses, and generally making insurance securitizations more efficient. If a conflict exists between this chapter and either this section or § 56-13-409, either this section or § 56-13-409 shall control, as applicable.

(b) An SPFC may establish and maintain one (1) or more protected cells with prior written approval of the commissioner and subject to compliance with the applicable provisions of this part and the following conditions:

(1) A protected cell shall be established only for the purpose of insuring or reinsuring risks of one (1) or more SPFC contracts with a counterparty with the intent of facilitating an insurance securitization;

(2) Each protected cell shall be accounted for separately on the books and records of the SPFC to reflect the financial condition and results of operations of the protected cell, net income or loss, dividends, or other distributions to the counterparty for the SPFC contract with each cell, and other factors as may be provided in the SPFC contract, insurance securitization transaction documents, plan of operation, or business plan, or as required by the commissioner;

(3) Amounts attributed to a protected cell under this part, including assets transferred to a protected cell account, are owned by the SPFC, and no SPFC shall be, or hold itself out to be, a trustee with respect to those protected cell assets of that protected cell account;

(4) All attributions of assets and liabilities between a protected cell and the general account shall be in accordance with the plan of operation approved by the commissioner. No other attribution of assets or liabilities shall be made by an SPFC between the SPFC's general account and its protected cell or cells. The SPFC shall attribute all insurance obligations, assets, and liabilities relating to an SPFC contract and the related insurance securitization transaction, including any securities issued by the SPFC as part of the insurance securitization, to a particular protected cell. The rights, benefits, obligations, and liabilities of any securities attributable to that protected cell and the performance under an SPFC contract and the related securitization transaction and any tax benefits, losses, refunds, or credits allocated, or any of them, at any point in time pursuant to a tax allocation agreement between the SPFC and the SPFC's counterparty, parent, or company or group company, or any of them, in common control with them, as the case may be, including any payments made by or due to be made to the SPFC pursuant to the terms of the agreement, shall reflect the insurance obligations, assets, and liabilities relating to the SPFC contract and the insurance securitization transaction that are attributed to a particular protected cell;

(5) No assets of a protected cell shall be chargeable with liabilities arising out of an SPFC contract related to or associated with another protected cell. However, one (1) or more SPFC contracts may be attributed to a protected cell only if the SPFC contracts are intended to be, and ultimately are, part of a single securitization transaction;

(6) No sale, exchange, or other transfer of assets shall be made by the SPFC between, or among, any of the SPFC's protected cells without the consent of the commissioner, counterparty, and each protected cell;

(7) Except as otherwise contemplated in the SPFC contract or related insurance securitization transaction documents, or both no sale, exchange, transfer of assets, dividend, or distribution shall be made from a protected cell to a counterparty or parent without the commissioner's approval and the sale, exchange, transfer, dividend, or distribution shall not be approved if the sale, exchange, transfer, dividend, or distribution would result in a protected cell's insolvency or impairment; and

(8) An SPFC may pay interest or repay principal, or both, and make distributions or repayments with respect to any securities attributed to a particular protected cell from assets or cash flows relating to, or emerging from, the SPFC contract and the insurance securitization

transactions that are attributable to that particular protected cell in accordance with this part or as otherwise approved by the commissioner.

(c) No SPFC contract with, or attributable to, a protected cell shall take effect without the commissioner's prior written approval, and the addition of each new protected cell constitutes a change in the business plan requiring the commissioner's prior written approval. The commissioner may retain legal, financial, and examination services from outside the department to examine and investigate the application for a protected cell, the reasonable cost of which may be charged against the applicant, or the commissioner may use internal resources to examine and investigate the application, the reasonable cost of which may be charged against the applicant, or both.

(d) An SPFC utilizing protected cells shall possess and maintain minimum capitalization separate and apart from the capitalization of its protected cell or cells in an amount determined by the commissioner after giving due consideration of the SPFC's business plan, feasibility study, and pro-formas, including the nature of the risks to be insured or reinsured. For purposes of determining the capitalization of each protected cell, an SPFC shall initially capitalize and maintain capitalization in each protected cell in the amount and manner required for an SPFC in § 56-13-406.

(e) The establishment of one (1) or more protected cells alone shall not constitute, and shall not be deemed to be, a fraudulent conveyance, an intent by the SPFC to defraud creditors, or the carrying out of business by the SPFC for any other fraudulent purpose.

§ 56-13-409. Protected cells; business operations and procedures

(a) (1) The creation of a protected cell shall not create, with respect to that protected cell, a legal person separate from the SPFC.

(2) Notwithstanding subdivision (a)(1), a protected cell shall have its own distinct name or designation that includes the words "protected cell". The SPFC shall transfer all assets attributable to the protected cell to one (1) or more separately established and identified protected cell accounts bearing the name or designation of that protected cell.

(3) Although a protected cell is not a separate legal person, the property of an SPFC in a protected cell is subject to orders of a court by name as the property would have been if the protected cell were a separate legal person.

(4) The property of an SPFC in a protected cell shall be served in its own name with process in all civil actions or proceedings involving or relating to the activities of that protected cell or a breach by the SPFC of a duty to the protected cell or to a counterparty to a transaction linked or attributed to it by serving the SPFC.

(5) A protected cell exists only at the pleasure of the SPFC. At the cessation of business of a protected cell in accordance with the plan approved by the commissioner, the SPFC shall close out the protected cell account.

(b) Nothing in this section shall be construed to prohibit an SPFC from contracting with, or arranging for, an investment advisor, commodity trading advisor, or other third party to manage the assets of a protected cell, if all remuneration, expenses, and other compensation of the third party advisor or manager are payable from the assets of that protected cell and not from the assets of other protected cells or the assets of the SPFC's general account, unless approved by the commissioner.

(c) Creditors with respect to a protected cell are not entitled to have recourse against the protected cell assets of other protected cells or the assets of the SPFC's general account. If an obligation of an SPFC relates only to the general account, the obligation of the SPFC extends only to that creditor, with respect to that obligation, and the creditor is entitled to have recourse only to the assets of the SPFC's general account.

(d) The assets of the protected cell shall not be used to pay expenses or claims other than those attributable to the protected cell. Protected cell assets are available only to the SPFC contract counterparty and other creditors of the SPFC that are creditors only with respect to that protected cell and, accordingly, are entitled, in conformity with this part, to have recourse to the protected cell assets attributable to that protected cell. The assets of the protected cell are protected from the creditors of the SPFC that are not creditors with respect to that protected cell and who, accordingly, are not entitled to have recourse to the protected cell assets attributable to that protected cell. If an obligation of an SPFC to a person or counterparty arises from an SPFC contract or related insurance securitization transaction, or is otherwise incurred, with respect to a protected cell, then the obligation shall:

(1) Extend only to the protected cell assets attributable to that protected cell, and the person or counterparty, with respect to that obligation, is entitled to have recourse only to the protected cell assets attributable to that protected cell; and

(2) Not extend to the protected cell assets of another protected cell or the assets of the SPFC's general account, and the person or counterparty, with respect to that obligation, is not entitled to have recourse to the protected cell assets of another protected cell or the assets of the SPFC's general account. The SPFC's capitalization held separate and apart from the capitalization of its protected cell or cells must be available at all times to pay expenses of or claims against the SPFC and may not be used to pay expenses or claims attributable to any protected cell.

(e) Notwithstanding any other provision of law, an SPFC may allow for a security interest in accordance with applicable law to attach to protected cell assets or a protected cell account when in favor of a creditor of the protected cell or to facilitate an insurance securitization, including, without limitation, the issuance of the SPFC contract, to the extent those protected cell assets are not required at all times to support the risk, but without otherwise affecting the discharge of liabilities under the SPFC contract, or as otherwise approved by the commissioner.

(f) An SPFC shall establish administrative and accounting procedures necessary to properly identify the one (1) or more protected cells of the SPFC and the protected cell assets and protected cell liabilities to each protected cell. An SPFC shall keep protected cell assets and protected cell liabilities:

(1) Separate and separately identifiable from the assets and liabilities of the SPFC's general account; and

(2) Attributable to one (1) protected cell separate and separately identifiable from protected cell assets and protected cell liabilities attributable to other protected cells.

(g) All contracts or other documentation reflecting protected cell liabilities shall clearly indicate that only the protected cell assets are available for the satisfaction of those protected cell liabilities. In all SPFC insurance securitizations involving a protected cell, the contracts or other documentation effecting the transaction shall contain provisions identifying the protected cell to which the transaction is attributed. In addition, the contracts or other documentation shall clearly disclose that the assets of that protected cell, and only those assets, are available to pay the obligations of that protected cell. Notwithstanding this subsection (g), and subject to this part and other applicable law or regulations, the failure to include this language in the contracts or other documentation shall not be used as the sole basis by creditors, insureds or reinsureds, insurers or reinsurers, or other claimants to circumvent the provisions of this section.

(h) An SPFC with protected cells shall annually file with the department accounting statements and financial reports required by this part, which, at least, shall:

(1) Detail the financial experience of each protected cell and the SPFC separately; and

(2) Provide the combined financial experience of the SPFC and all protected cells.

(i) An SPFC with protected cells shall notify the commissioner in writing within ten (10) business days of a protected cell becoming insolvent.

§ 56-13-410. Securities; issuance

(a) An SPFC may issue securities, including surplus notes and other forms of financial instruments, subject to and in accordance with applicable law, its approved plan of operation, and its organizational documents.

(b) An SPFC, in connection with the issuance of securities, may enter into and perform all of its obligations under any required contracts to facilitate the issuance of these securities.

(c) Subject to the approval of the commissioner, an SPFC may lawfully:

(1) Account for the proceeds of surplus notes as surplus and not as debt for purposes of statutory accounting; and

(2) Submit for prior approval of the commissioner periodic written requests for payments of interest on and repayments of principal of surplus notes. In lieu of approval of periodic written requests for authorization to make payments of interest on and repayments of principal of surplus notes and other debt obligations issued by the SPFC, the commissioner may approve a formula or plan, which shall be included in the SPFC's plan of operation as amended from time to time, for payment of interest, principal, or both with respect to such surplus notes and debt obligations.

(d) The commissioner, without otherwise prejudicing the commissioner's authority, may approve formulas for an ongoing plan of interest payments or principal repayments, or both, to provide guidance in connection with the commissioner's ongoing reviews of requests to approve the payments on and principal repayments of the surplus notes.

(e) The obligation to repay principal or interest, or both, on the securities issued by the SPFC must reflect the risk associated with the obligations of the SPFC to the counterparty under the SPFC contract.

§ 56-13-411. Asset management agreements; investments

An SPFC may enter into swap agreements, or other forms of asset management agreements, including guaranteed investment contracts, or other transactions that have the objective of leveling timing differences in funding of up-front or ongoing transaction expenses or managing asset, credit, or interest rate risk of the investments to ensure that the investments are sufficient to assure payment or repayment of the securities, and related interest or principal payments, issued pursuant to an SPFC insurance securitization transaction or the obligations of the SPFC under the SPFC contract.

§ 56-13-412. Reinsurance contracts

(a) An SPFC may reinsure only the risks of a ceding insurer, pursuant to a reinsurance contract. No SPFC shall issue a contract of insurance or a contract for assumption of risk or indemnification of loss other than such reinsurance contract.

(b) Unless otherwise approved in advance by the commissioner, no SPFC shall assume or retain exposure to insurance or reinsurance losses for its own account that are not funded by:

(1) Proceeds from an insurance securitization or letters of credit or other assets described in § 56-13-402;

(2) Premium and other amounts payable by the ceding insurer to the SPFC pursuant to the reinsurance contract; and

(3) Any return on investment of the items described in subdivisions (b)(1) and (2).

(c) The reinsurance contract shall contain all provisions reasonably required or approved by the commissioner, which requirements shall take into account the laws applicable to the ceding

insurer regarding the ceding insurer taking credit for the reinsurance provided under such reinsurance contract.

(d) An SPFC may cede risks assumed through a reinsurance contract to one (1) or more reinsurers through the purchase of reinsurance, subject to the prior approval of the commissioner.

(e) An SPFC may enter into contracts and conduct other commercial activities related or incidental to and necessary to fulfill the purposes of the reinsurance contract, the insurance securitization, and this part, provided such contracts and activities are included in the SPFC's plan of operation or are otherwise approved in advance by the commissioner. Such contracts and activities may include but are not limited to:

- (1) Entering into SPFC contracts;
- (2) Issuing SPFC securities in accordance with applicable securities law;
- (3) Complying with the terms of such contracts or securities;
- (4) Entering into trust, guaranteed investment contract, letter of credit, swap, tax, administration, reimbursement, or fiscal agent transactions; and
- (5) Complying with trust indenture, reinsurance, or retrocession; and other agreements necessary or incidental to effectuate an insurance securitization in compliance with this part or the plan of operation approved by the commissioner.

(f) Unless otherwise approved in advance by the commissioner, a reinsurance contract shall not contain any provision for payment by the SPFC in discharge of its obligations under the reinsurance contract to any person other than the ceding insurer or any receiver of the ceding insurer.

(g) An SPFC shall notify the commissioner immediately of any action by a ceding insurer or any other person to foreclose on or otherwise take possession of collateral provided by the SPFC to secure any obligation of the SPFC.

(h) In the SPFC insurance securitization, the contracts or other relating documentation shall contain provisions identifying the SPFC.

(i) Unless otherwise approved by the commissioner, no SPFC shall enter into an SPFC contract with a person that is not licensed or otherwise authorized to transact the business of insurance or reinsurance in at least its state or country of domicile.

(j) No SPFC shall:

- (1) Have any direct obligation to the policyholders or reinsureds of the counterparty; or
- (2) Lend or otherwise invest, or place in custody, trust, or under management any of its assets with, or to borrow money or receive a loan from, other than by issuance of the securities pursuant to an insurance securitization, or advance from, anyone convicted of a felony, anyone who is untrustworthy or of known bad character, or anyone convicted of a criminal offense

involving the conversion or misappropriation of fiduciary funds or insurance accounts, theft, deceit, fraud, misrepresentation, or corruption.

§ 56-13-413. Insurance securitization; insurance business

No securities issued by an SPFC pursuant to an insurance securitization shall be considered to be insurance or reinsurance contracts. No investor in these securities or a holder of these securities, by sole means of this investment or holding, shall be considered to be transacting the business of insurance in this state. The underwriter's placement or selling agents and their partners, directors, officers, members, managers, employees, agents, representatives, and advisors involved in an insurance securitization pursuant to this part shall not be considered to be insurance producers or brokers or conducting business as an insurance or reinsurance company or agency, brokerage, intermediary, advisory, or consulting business only by virtue of their activities in connection with an insurance securitization.

§ 56-13-414. Asset administration; investments

(a) The assets of an SPFC shall be preserved and administered by or on behalf of the SPFC to satisfy the liabilities and obligations of the SPFC incident to the reinsurance contract, the insurance securitization, and other related agreements.

(b) In the insurance securitization, the security offering memorandum or other document issued to prospective investors regarding the offer and sale of a surplus note or other security shall include a disclosure that all or part of the proceeds of such insurance securitization will be used to fund the SPFC's obligations to the ceding insurer.

(c) No SPFC shall be subject to any restriction on investments other than the following:

(1) The commissioner may limit investments by an SPFC to those categories and amounts of authorized investments delineated in chapter 3, parts 3 or 4 of this title, as applicable and as amended from time to time;

(2) No SPFC shall make a loan to any person other than as permitted under its plan of operation or as otherwise approved in advance by the commissioner; and

(3) The commissioner may prohibit or limit any investment that threatens the solvency or liquidity of the SPFC unless the investment is otherwise approved in its plan of operation or in an order issued to the SPFC pursuant to § 56-13-404, as either is amended from time to time.

§ 56-13-415. Dividends

(a) No SPFC shall declare or pay dividends in any form to its owners other than in accordance with the insurance securitization transaction agreements, and in no extent shall the dividends decrease the capital of the SPFC below two hundred fifty thousand dollars (\$250,000). After giving effect to the dividends, the assets of the SPFC, including assets held in trust pursuant to the terms of the insurance securitization, shall be sufficient to satisfy the commissioner that the SPFC can meet its obligations. Approval by the commissioner of an ongoing plan for the payment of dividends or other distribution by an SPFC must be conditioned upon the retention,

at the time of each payment, of capital or surplus equal to or in excess of amounts specified by, or determined in accordance with formulas approved for the SPFC by the commissioner.

(b) The dividends may be declared by the management of the SPFC if the dividends do not violate this part or jeopardize the fulfillment of the obligations of the SPFC or the trustee pursuant to the SPFC insurance securitization agreements, the SPFC contract, or any related transaction and other provisions of this part.

§ 56-13-416. Plan of operation; material change; audit; records

(a) Any material change of the SPFC's plan of operation, whether or not through an SPFC protected cell, shall require prior approval of the commissioner. The following transactions do not constitute material change for purposes of this section:

(1) If initially approved in the plan of operation, securities subsequently issued to continue the securitization activities of the SPFC either during or after expiration, redemption, or satisfaction, of all of these, of part or all of the securities issued pursuant to initial insurance securitization transactions; and

(2) A change and substitution in a counterparty to a swap transaction for an existing insurance securitization as allowed pursuant to this part if the replacement swap counterparty carries a similar or higher rating to its predecessor with two (2) or more nationally recognized rating agencies.

(b) No later than six (6) months after the fiscal year-end of the SPFC, the SPFC shall file with the commissioner an audit by a certified public accounting firm of the financial statements of the SPFC and the trust accounts.

(c) An SPFC shall report using statutory accounting principles, unless the commissioner requires, approves, or accepts the use of generally accepted accounting principles or other comprehensive basis of accounting, in each case the commissioner may require, approve, or accept any appropriate or necessary modifications or adaptations. The commissioner may require the report to be supplemented by additional information.

(d) Each SPFC shall file by March 1, a statement of operations, using either generally accepted accounting principles or, if approved, accepted or required by the commissioner, statutory accounting principles with useful or necessary modifications or adaptations for the type of insurance and kinds of insurers to be reported upon, and as supplemented by additional information required by the commissioner. The statement of operations shall include a statement of income, a balance sheet, and may include a detailed listing of invested assets, including identification of assets held in trust to secure the obligations of the SPFC under the SPFC contract. The SPFC also may include with the filing risk based capital calculations and other adjusted capital calculations to assist the commissioner with evaluating the levels of the surplus of the SPFC for the year ending on December 31st of the previous year. The statements shall be prepared on forms required by the commissioner. In addition, the commissioner may require the filing of performance assessments of the SPFC contract.

(e) An SPFC shall maintain the SPFC's records in this state unless otherwise approved by the commissioner and shall make its records available for examination by the commissioner at any time. The SPFC shall keep its books and records in such manner that its financial condition, affairs, and operations can be ascertained and so that the commissioner may readily verify its financial statements and determine its compliance with this part.

(f) All original books, records, documents, accounts, and vouchers shall be preserved and kept available in this state for the purpose of examination and until authority to destroy or otherwise dispose of the records is secured from the commissioner. The original records, however, may be kept and maintained outside this state if, according to a plan adopted by the management of the SPFC and approved by the commissioner, it maintains suitable copies instead of the originals. The books or records may be photographed, reproduced on film, or stored and reproduced electronically.

§ 56-13-417. Expiration or modification of authority to conduct activities

At the cessation of business of an SPFC following termination or cancellation of an SPFC contract and the redemption of any related securities issued in connection with the SPFC contract, the authority granted by the commissioner expires or, in the case of retiring and surviving protected cells, is modified, and the SPFC is no longer authorized to conduct activities unless and until a new or modified certificate of authority is issued pursuant to a new filing under this part or as agreed by the commissioner.

§ 56-13-418. Application of chapter 9 of title; management of assets and liabilities by receiver

(a) Except as otherwise provided in this section, chapter 9 of this title shall apply in full to an SPFC.

(b) Upon any order of supervision, rehabilitation, or liquidation of an SPFC, the receiver shall manage the assets and liabilities of the SPFC pursuant to this part.

(c) Notwithstanding chapter 9 of this title:

(1) No asset of a protected cell shall be used to pay any expenses or claims other than those attributable to such protected cell; and

(2) An SPFC's capital and surplus shall, at all times, be available to pay any expenses of or claims against the SPFC.

§ 56-1-402 and **-403** repealed.

§ 56-1-404. Charges required for reinsurance

§ 56-1-405. Financial condition; commissioner's authority

The commissioner shall allow to the credit of an insurance company in the account of its financial condition only the assets that are or can be made available for the payment of losses in the state, but may credit any deposits of funds of the company set apart as security for a particular liability, or any deposits of funds of the company that are deposited for the purpose of meeting the requirements for doing business in another state or commonwealth. The commissioner may, in the commissioner's discretion, disallow stockholders' obligations of any description as part of the assets or capital of any insurance company, unless secured by competent collateral.

§ 56-1-406. Commissioner; custodian of collateral

The commissioner shall be the custodian of all collateral in the form of stock certificates, bonds, debentures, notes and other evidences of indebtedness deposited or pledged with the commissioner under any existing law, and it shall be the commissioner's official duty safely to keep, surrender and account for the collateral deposited as provided by law, and for the safekeeping of that collateral both the commissioner and the sureties on the commissioner's official bond are liable.

§ 56-1-407. Valuation of bonds

(a) All bonds or other evidences of debt having a fixed term and rate held by any life insurance company, assessment life association, or fraternal beneficiary association, authorized to do

business in this state, may, if amply secured and not in default as to principal and interest, be valued as follows:

(1) If purchased at par, at par value; or

(2) If purchased above or below par, on the basis of the purchase price adjusted so as to bring the value to par at maturity and so as to yield in the meantime the effective rate of interest at which the purchase was made.

(b) The purchase shall in no case be taken at a higher figure than the actual market value at the time of purchase.

(c) The commissioner shall have full discretion in determining the method of calculating values according to subsection (a).

§ 56-1-408. Examination of licensed companies

As often as once in five (5) years, the commissioner shall, personally or by a deputy or some competent person appointed by the commissioner for that purpose, visit each insurance company licensed in this state and examine its affairs, especially as to its financial condition and ability to fulfill its obligations, and whether it has complied with the law.

§ 56-1-409. Examination; when deemed prudent; upon request

(a) The commissioner shall also make an examination of each insurance company licensed in this state whenever the commissioner deems it prudent to do so, or upon the request of five (5) or more of the stockholders or persons pecuniarily interested in the company, who shall make affidavit of their belief, with specifications of their reasons for the belief, that the company is in an unsound condition.

(b) For the purpose of ascertaining financial condition or legality of conduct, the commissioner may, for good cause, make an investigation and examination, independent of any other examination of an insurer or proposed insurer, of any accounts, records, files, documents, and transactions pertaining to the business of insurance. (b) In lieu of an examination under this section of any foreign or alien insurer licensed in this state, the commissioner may accept an examination report on the company as prepared by the department of insurance for the company's state of domicile or port-of-entry state until January 1, 1994. Thereafter, these reports may only be accepted if:

(1) The department of insurance was at the time of the examination accredited under the National Association of Insurance Commissioners, Financial Regulation Standards and Accreditation Program; or

(2) The examination is performed:

(A) Under the supervision of a department of insurance so accredited; or

(B) With the participation of one (1) or more examiners who are employed by such an accredited state department of insurance and who, after a review of the examination work papers and report, state under oath that the examination was performed in a manner consistent with the standards and procedures required by their department of insurance.

(7) Any licensed agent, broker or solicitor or any corporation, association, or person making application for a license as an agent, broker or solicitor; and

(8) Any corporation, association, or person engaged in the business of adjusting losses or financing premiums.

(b) (1) Every company, corporation, association, or person being examined, its officers, directors and agents, shall provide to the commissioner, the commissioner's deputy, or the person appointed by the commissioner for the purpose of the examination, convenient and free access at its office to all books, records, securities, documents and any and all papers relating to the property, assets, business and affairs of the company. The officers, directors and agents of the company, corporation, association or person shall facilitate the examination and aid in the examination so far as it is in their power to do so.

The report of examination shall be verified by the oath of the examiner in charge of the examination and shall be prima facie evidence in any action or proceeding in the name of the state against the company, its officers or agents upon the facts stated in the report.

(2) In the conduct of an examination, the criteria as set forth in the Examiners Handbook adopted by the National Association of Insurance Commissioners and the National Association of Insurance Commissioners Accounting Practices and Procedures Manuals that were in effect when the commissioner exercised discretion to make an examination under or to take other action permitted by this chapter shall be used. The commissioner may also employ other guidelines or procedures the commissioner deems appropriate.

(d) (1) No later than sixty (60) days following completion of the examination, the examiner in charge shall file with the department a verified written report of examination under oath. Upon receipt of the verified report, the department shall transmit the report to the company examined, together with a notice that affords the company examined a reasonable opportunity of not more than thirty (30) days to make a written submission or rebuttal with respect to any matters contained in the examination report.

(2) Within thirty (30) days of the end of the period allowed for the receipt of written submissions or rebuttals, the commissioner shall fully consider and review the report, together with any written submissions or rebuttals and any relevant portions of the examiner's work papers and enter an order:

(A) Adopting the examination report as filed or with modification or corrections. If the examination report reveals that the company is operating in violation of any law, regulation or prior order of the commissioner, the commissioner may order the company to take any action the commissioner considers necessary and appropriate to cure the violation;

(B) Rejecting the examination report with directions to the examiners to reopen the examination for purposes of obtaining additional data, documentation or information, and refile pursuant to subdivision (c)(2); or

(C) Calling for an investigatory hearing with no less than twenty (20) days' notice to the company for purposes of obtaining additional documentation, data, information and testimony.

(3) If the examination reveals that the company is operating in violation of any law, regulation or prior order, the commissioner, in the written order, may require the company to take any action the commissioner considers necessary or appropriate in accordance with the

report of examination or the hearing, if any, on the report. That order shall be subject to judicial review in accordance with title 27, chapter 9.

(4) Nothing contained in this chapter shall prevent or be construed as prohibiting the commissioner from disclosing the content of an examination report, preliminary examination report or results, or any matter relating to the reports or results, to the department of insurance of this or any other state or country, or to law enforcement officials of this or any other state or agency of the federal government at any time, so long as the agency or office receiving the report or matters relating to the reports agrees in writing to hold it confidential and in a manner consistent with this section.

(e) Any company, corporation, or association that, or person who, violates or aids and abets any violation of a written order issued pursuant to this section shall be punished by a fine of not more than five thousand dollars (\$5,000), which shall be sued for and recovered pursuant to § 56-1-802.

(f) All working papers, recorded information, documents and copies of working papers, recorded information and documents produced by, obtained by or disclosed to the commissioner or any other person in the course of an examination made under this chapter must be given confidential treatment and may not be made public by the commissioner or any other person, except to the extent provided in subsection (d). Access may also be granted to the National Association of Insurance Commissioners. The parties must agree in writing prior to receiving the information to provide to it the same confidential treatment as required by this section, unless the prior written consent of the company to which it pertains has been obtained.

§ 56-1-412. Examinations; failure to appear; obstruction; penalties

Whoever, without justifiable cause, neglects, upon due summons, to appear and testify before the commissioner, the commissioner's deputy, or person appointed by the commissioner as provided, and whoever obstructs the commissioner, the commissioner's deputy or examiner in examining insurance companies commits a Class C misdemeanor.

§ 56-1-413. Costs of examination

(2) The compensation of the experts, actuaries and examiners designated by the commissioner for examining the books or business of insurance companies doing business in this state shall be fixed by the commissioner at a reasonable amount commensurate with usual compensation for like services.

(b) All persons engaging, assisting or making the required examination under this chapter shall be regular state employees, and their entire expenses and compensation shall be paid only by the

state as now provided for by law. Notwithstanding this subsection (b), the commissioner may contract, in accordance with applicable state contracting procedures, for qualified actuaries and financial examiners the commissioner deems necessary due to the unavailability of qualified regular state employees to conduct a particular examination; provided, that, with respect to financial examinations, the compensation and per diem allowances paid to the persons shall not exceed one hundred fifty percent (150%) of the compensation and per diem allowances set forth in the guidelines adopted by the National Association of Insurance Commissioners, unless the commissioner determines that a higher compensation rate is necessary, and the insurance company being examined agrees to pay a compensation rate that might exceed these allowances.

(c) The full cost of the examination fixed by the commissioner shall be paid into the department for its use and benefit in meeting the expenses and compensation for the persons engaged in the examinations.

§ 56-1-414. Impaired capital

When it appears to the commissioner that the capital stock of a domestic insurance company is impaired to the extent of twenty percent (20%) or more, the commissioner shall notify the company that its capital is legally subject to be made good; and, if the company does not, within sixty (60) days after the notice, satisfy the commissioner that it has fully repaired its capital, or reduced its capital as provided by law, the commissioner shall institute proceedings against it.

§ 56-1-415. Domestic life insurance companies; insufficient assets

When the actual funds of a domestic life insurance company, exclusive of its capital, are not of a net cash value equal to its liabilities, including the net value of its policies, computed by the rule of valuation established by part 9 of this chapter, the commissioner shall notify the company and its agents to issue no new policies until its funds become equal to its liabilities.

§ 56-1-416. Certificates of authority; revocation and suspension

(a) The commissioner shall revoke or suspend all certificates of authority granted to the company or its agents and cause notice of revocation or suspension to be published in one (1) or more newspapers of general circulation, if the commissioner is of the opinion, upon examination or other evidence, that:

§ 56-1-417. Certificates of authority; revocation and suspension; notice

Unless the ground for revocation or suspension relates only to the financial condition or soundness of the company or to a deficiency in its assets, the commissioner shall notify the company no less than ten (10) days before revoking its authority to do business in this state, and the commissioner shall specify in the notice the particulars of the supposed violation.

§ 56-1-418. Calculations of reserves for accident and health policies

The commissioner shall annually cause to be made, or require the insurer to make, calculations of policy and claim reserves for accident and health policies providing disability benefits as defined in § 56-2-201 on the basis of regulations the commissioner prescribes from time to time regarding minimum reserve standards and tables of mortality, morbidity, interest or other contingencies to be used to compute the reserves. From July 1, 1995, until the date of promulgation of rules and regulations, all calculations with respect to policy and claim reserves for accident and health policies providing disability benefits shall be made at a rate of interest not exceeding four and one half percent (4.5%) per annum.

§ 56-1-419. Actuarial opinions; statements; summaries; reports

This opinion shall be filed with the appropriate National Association of Insurance Commissioners (NAIC) property and casualty annual statement instructions and shall cover the activity of the prior calendar year.

(b) ACTUARIAL OPINION SUMMARY.

(1) Every property and casualty insurance company domiciled in this state that is required to submit a statement of actuarial opinion shall annually submit an actuarial opinion summary, written by the company's appointed actuary. This actuarial opinion summary shall be filed in accordance with the appropriate NAIC property and casualty annual statement instructions and shall be considered as a document supporting the actuarial opinion required in subsection (a).

(1) An actuarial report and underlying work papers as required by the appropriate NAIC property and casualty annual statement instructions shall be prepared to support each actuarial opinion.

(2) If the insurance company fails to provide a supporting actuarial report and/or work papers at the request of the commissioner or the commissioner determines that the supporting

actuarial report or work papers provided by the insurance company is otherwise unacceptable to the commissioner, the commissioner may engage a qualified actuary at the expense of the company to review the opinion and the basis for the opinion and prepare the supporting actuarial report or work papers.

(d) The appointed actuary shall not be liable for damages to any person, other than the insurance company and the commissioner, for any act, error, omission, decision or conduct with respect to the actuary's opinion, except in cases of fraud or willful misconduct on the part of the appointed actuary.

§ 56-1-420. Confidential and privileged documents

(b) The value of the balance of the corporate property and capital stock employed in Tennessee by an insurance company with stockholders shall be ascertained in the following manner:

(1) The assessor shall first determine the aggregate amount of the issued and outstanding capital stock and surplus of such company as shown on its annual statement and shall deduct therefrom:

(A) One-fourth ($\frac{1}{4}$) the sum of the value of the property held at the end of each calendar quarter by such company which is exempt from ad valorem property taxation under any law of this state or of the United States; and

(B) The assessed value of all the real and tangible personal property of such company situated in and having a permanent situs in other states;

(2) The assessor shall then apportion such remaining value to this state on the basis of the smaller of the following two (2) ratios:

(A) The ratio which the direct premiums and annuity considerations received by such company from policies on persons residing in or property located in this state during the preceding calendar year bear to the total premiums, including premiums for reinsurance assumed, and annuity considerations received by such company during such year from all sources; or

(B) The ratio which the aggregate direct premiums and annuity considerations received by all companies subject to this part from policies on persons residing in or property located in this state during the preceding calendar year bear to the aggregate total premiums, including premiums for reinsurance assumed, and annuity considerations received by all such companies during such year from all sources, which ratio shall be computed and published by the commissioner of commerce and insurance on or before April 15 of each year;

(3) From such apportioned value, the assessor shall deduct:

(A) The assessed value of all real property and tangible personal property of such company otherwise assessed or returned for taxation in Tennessee; and

(B) The assessed value of all real property in Tennessee occupied by such company as its principal office under a lease which provides that all ad valorem taxes on such property shall be paid by such company, and which has been registered in the county where such principal office is located;

and the remainder shall constitute the value of the balance of the corporate property and the capital stock employed in Tennessee by such company.

(c) (1) In the case of an insurance company without stockholders, the value of the corporate property of such company for purposes of this section, excluding real property and tangible personal property, shall be equal to the total dividends paid to policyholders in the preceding calendar year.

(2) For purposes of this subsection (c), “dividends” do not include returns or reductions of premiums or credits applied to premiums.

(d) The assessor shall make the assessment on such value at the same percentage or ratio of assessment to value of property as was provided by law for the year 1972.

§ 67-5-1204. First fifteen years in business

(a) During the first fifteen (15) full years an insurance company is in business, its apportionment ratio, determined in accordance with § 67-5-1203(b)(2), shall be reduced proportionately at the rate of one-fifteenth ($\frac{1}{15}$) for each full year that fifteen (15) exceeds the number of full years it has been in business.

(b) The period of fifteen (15) full years shall be measured from the earliest date the company, or any predecessor insurance company of which the company is the continuing corporation, was authorized and qualified to do insurance business subject to the maximum fifteen (15) years of reduced assessments as set forth in subsection (c).

(c) This section shall not apply to any insurance company formed as a successor in interest to any insurance company that has already received a reduction in its apportionment ratio for the entirety of the fifteen (15) years permitted pursuant to subsection (a); provided, however, that any insurance company formed as a successor in interest in the year 2006 shall be entitled to receive the reduction to its apportionment ratio provided in subsection (a) during the first five (5) full years of its existence to the same extent as a new insurance company not formed as a successor in interest.

§ 67-5-1205. Application of assessment and taxation

(a) The value of the corporate property and capital stock of each company subject to this part shall be construed as including all the tangible and intangible value of such company.

(b) The assessment and taxation of such corporate property and capital stock under this part shall be in lieu of the taxation of the income derived from such corporate property and capital stock

and of the assessment and taxation of the shares of stock of such company as the personal property of its stockholders.

(c) No person shall be taxed on the income derived from any stock which constitutes a part of the capital stock of any insurance company which is itself subject to this part or which has a wholly-owned subsidiary which is subject to this part.

§ 67-5-1206. Written assessment schedule; reporting schedule; forced assessment

(a) The president or chief financial officer of each company subject to this part shall fill out and furnish under oath to the assessor of the county in which the principal office of such company is maintained an assessment schedule in writing, which schedule shall contain the following information:

(1) The number of shares of each class of capital stock issued and outstanding and the par value per share;

(2) The amount of surplus, including special surplus funds, paid-in and contributed surplus and unassigned surplus;

(3) An itemized statement of the value of all property which is exempt from ad valorem taxation by any law of this state or of the United States, showing the appropriate code section granting the exemption for each item;

(4) An itemized statement of the assessed value of all real property and tangible personal property having a situs outside Tennessee, showing the location of each item;

(5) An itemized statement of the assessed value of all real property and tangible personal property having a situs in Tennessee, showing the location of each item;

(6) A statement of the assessed value of all real property in Tennessee occupied by such company as its principal office under a lease, together with a copy of such lease;

(7) A statement of the date such company was first authorized and qualified to do insurance business, or, if such company is the continuing corporation resulting from a merger or consolidation, a statement of the earliest date its predecessor corporations were authorized and qualified to do insurance business; and

(8) Such other facts pertaining to the value of its corporate property and capital stock as may be deemed necessary or material by the assessor.

(b) The assessment schedule filed pursuant to this section shall be derived from, and consistent with, the annual statement of such company as of the last day of the preceding calendar year as filed with the commissioner of commerce and insurance.

(c) The assessor shall furnish by February 1 a reporting schedule in a form approved by the state board of equalization to each company subject to assessment under this part, and the schedule shall be completed and returned by the company by March 1 of the year for which the assessment is to be made. A taxpayer who fails, refuses or neglects to complete, sign, and file the schedule with the assessor of property, as provided in subsection (a), shall be deemed to have waived objections to the forced assessment determined by the assessor, subject only to the

remedies provided in subsection (d). In determining a forced assessment, the assessor shall consider available evidence indicative of the assessable value of property assessable to the taxpayer under this section, and having determined the assessable value of property assessable to the taxpayer under this section, the assessor shall give the taxpayer notice of the assessment by United States mail, addressed to the last known address of the taxpayer, or the taxpayer's agent, at least ten (10) calendar days before the local board of equalization commences its annual session. Failure of the assessor to send a schedule or failure of the taxpayer to receive a schedule shall not relieve or excuse any taxpayer from filing such schedule by March 1, nor shall it prevent the assessor from issuing a forced assessment against the taxpayer.

(d) If a forced assessment is shown to exceed the assessable value of the taxpayer's property, then the taxpayer shall have the following remedies:

(1) The taxpayer may appeal to the county board of equalization pursuant to [§ 67-5-1407](#), but must present a completed schedule as otherwise provided in this section;

(2) If the deadline to appeal to the county board of equalization has expired, then the taxpayer may request the assessor to mitigate the forced assessment by reducing the forced assessment to the assessable value of the taxpayer's assessable property plus twenty-five percent (25%), so long as the failure to file the schedule or failure to timely appeal to the county board of equalization was not the result of gross negligence or willful disregard of the law. Mitigation of the forced assessment shall follow the procedure provided and be subject to the deadlines provided in [§ 67-5-509](#). Gross negligence shall be presumed if notice of the forced assessment, in a form approved by the state board of equalization, was sent certified mail, return receipt requested, to the taxpayer's last known address on file with the assessor.

(e) Whether or not an assessor's error affected the original assessment, the assessor may correct a forced assessment using the procedure provided and subject to the deadlines provided in [§ 67-5-509](#), upon determining that the taxpayer was not in business as of the assessment date for the year at issue, and upon determining that the taxpayer did not own property assessable pursuant to this part as of the assessment date for the year at issue.

(f) The taxpayer may amend a schedule timely filed with the assessor in the same manner provided for tangible personal property returns.

§ 67-5-1207. Minimum assessment based on 1967 assessment.

In no event shall the assessment of the balance of the corporate property and capital stock of any company under [§ 67-5-1203\(b\)](#), in any year up to and including the year 1980, be less than the assessment of the shares of stock of such company for the year 1967, under this part, or, in the case of a corporation which is the continuing corporation resulting from a merger or consolidation, less than the aggregate assessment of the shares of stock of all its predecessor corporations for the year 1967, under this part.

§ 67-5-1208. Nonseverability

If any provision of this part and the 1968 amendments to §§ 67-5-1101 and 67-2-104 or the application thereof to any person or circumstance is held invalid, such provision shall not be severable from this part and the 1968 amendments to §§ 67-5-1101 and 67-2-104 and the whole of such provisions shall fail and be inoperative.

§ 67-5-1209. Application of part to pure captive insurance company.

The tax levied by this part shall not apply to the balance of the corporate property and capital stock, otherwise subject to valuation and assessment under §§ 67-5-1202(2) and 67-5-1203(b), of any pure captive insurance company, as defined in § 56-13-102 or of any entity operating in a similar manner to a pure captive insurance company such that fifty-one percent (51%) or more of its direct written premium revenue is from an affiliated company, as defined in § 56-13-102, or an associated company, as defined in § 56-13-102.
